OUR VISION

To prepare the young students to evolve and shape in sync with the global needs. Along with value based education our main focus is to retain smile on the faces of our children and to promote creativity by reducing the theoretical burden.

At primary stage our Endeavour will be to nurture child's curiosity about the environment and integrate the thinking process with the skills of hand, limb and body. We intend to lay equal emphasis on class room learning and self observation outside the classroom learning. Our institution will provide mission oriented learning with value based system where character get shaped. Further in the school emphasis will be on providing a playful environment, nutritional support and care and love.

Training will be given in cleanliness and hygiene. The teachers will interact with the children in the manner of a scientist.

OUR MISSION

- To provide all children the best quality of Education at very nominal charges through the well qualified and experienced teaching staff these laying solid foundation.
- To develop interest in children towards social and ethical values.
- To indicate in them love and affection for the country and the humanity as a whole by setting aside making them to free from the bondages of caste, creed, region and religion.
- To continue to do what we have always done.

Why Good Education?

'Education is the chief weapon by which one can transform himself and the world It has the power to eradicate the darkness and strengthen human mind to create a new world. It is a movement from darkness to light. It gives freedom to think and freedom to imagine. Knowledge has always been the prime mover of prosperity and power therefore literacy is the basic right of every citizen. The correlation of dreams, thoughts, actions and success is well defined in the words of APJ Kalam:

*"Dream, dream, dream
Your dream will transform into thought'
The thought will result in actions'
And you will succeed',*
